State Representative Alan Clemmons Endorses Tim Scott for Congress

Myrtle Beach Republican State Representative Alan Clemmons announced Friday that he is joining thousands of taxpayers and conservative Republicans across the First Congressional District in supporting Tim Scott for Congress.

“Tough times call for strong leaders,” Representative Clemmons noted. “As our nation is faced with a struggling economy, massive debt, and a stagnant employment outlook, we must seek leaders who will chart a course to freedom and liberty, not higher taxes and big government. Tim Scott is a leader that will guide our country forward on the path to freedom and prosperity.”

“It is an honor serving with Tim in the state legislature because he is a man of conviction and principle. In the General Assembly he led the effort to cut the state budget by over \$2 billion dollars. When many said the way forward was higher taxes and more government, Tim Scott stood firm. That should come as no surprise to those that know Tim Scott, as he served on County Council for over a decade without ever increasing taxes.”

“Tim Scott,” Representative Clemmons stated, “is a solid conservative leader that we can count on to fight for our liberty and our freedoms. I am proud to publicly support Tim Scott for Congress and know that he will be a leader for all of us.”

“I am humbled by the support of Representative Clemmons,” Scott noted. “Alan and I

have both fought to reduce spending and make government more accountable at all levels." Scott continued, "We must put the economy back on track by giving the private sector the opportunity to succeed. By reducing the tax burden and getting government out of the way of American businesses, large and small, our economy will regain its strength, and Americans will be able to go back to work."

During the last two weeks, Scott has picked up the endorsements of a number of Republican leaders and conservative organizations, including SC House Speaker Bobby Harrell, and more than 100 business leaders from Horry, Georgetown, Berkeley, Dorchester and Charleston Counties. According to Federal Election Commission reports filed last week, Scott is also the leading fundraiser for the June 8th Republican Primary for Congress.
