## **THE RIGHT MAN AT THE RIGHT TIME**

### **Why We Need Tim Scott in Washington D.C**

Here is why we need Tim Scott representing the 1<sup>st</sup> District of South Carolina in the US House of Representatives in Washington, DC.

Tim Scott is both a fiscal and social conservative deeply committed to simple principles:

- low taxes
- reduced spending throughout all layers of government
- higher standards for government officials
- strong leadership
- state's rights

He brings **15 years** of experience as an elected official when in that time; he NEVER voted to raise taxes. Tax increases are simply not in his DNA.

Once elected to the SC House of Representatives, Tim was elected to serve as Chairman of the Freshman Caucus and as a House Whip. His focus has and always will be simple... **to stop out-of-control spending!** Tim's goal is to make government accountable to you, the voters and to slow the growth of it and make it more effective.

Tim Scott has been appalled by the growth of the federal government during the past few years and especially recently. "We can not afford them to continue to spend this way. And since January, this new administration has broken records for spending. This can not go on."

Tim will take his experience and determination to Washington for the voters of the 1<sup>st</sup> district. He believes that putting a halt to the out-of-control spending starts with Republicans and it WILL start with Tim Scott.
