Local Business Leaders Endorse Tim Scott

Business Leaders cite Scott's experience as a small businessman, record of economic development and desire to shrink government spending as keys to support his Congressional bid.

Over 100 local business leaders have announced their support of Republican Tim Scott for Congress. "Business Leaders for Tim Scott", released Wednesday, includes representatives from many top businesses in the First Congressional District who actively support Tim Scott's campaign for Congress.

Jim Apple, CEO of Burroughs and Chapin, who is serving as Scott's Horry County Business Chairman said, "We need to send someone to Washington, DC who understands the needs of business owners. As a small business owner, Tim knows that government is in the way of small business and he will work to shrink government; that's why I'm supporting Tim Scott for Congress.
